Answer:

Task 3: Which service is required at 161,000 km?

Answer:

Task 4: What is the Multi-Point Vehicle Inspection (MPVI)?

Answer:

Answers

Use the drop-down menus to find the manual for a 2023 Chevrolet Camaro. Click on "See manuals" then scroll down and click on "2023 Chevrolet Camaro Owner Manual" to open it.

Task 1: List four (4) sections found in the manual's contents.

Answer: Any 4 of

- Introduction
 - Keys, Doors, and Windows
 - Seats and Restraints
 - Storage
 - Instruments and Controls
 - Lighting
 - Infotainment System
 - Climate Controls
 - Driving and Operating
 - Vehicle Care
 - Service and Maintenance
 - Technical Data
 - Customer Information
 - Reporting Safety Defects
 - OnStar
 - Connected Services
 - Index
-

Click on "Service and Maintenance" to open this section of the manual.

Task 2: Which service is required at 36,000 km?

Answer: Replace passenger compartment air filter.

Task 3: Which service is required at 161,000 km?

Answer: Replace hood and/or body lift support gas struts.

Task 4: What is the Multi-Point Vehicle Inspection (MPVI)?

Answer: A Multi-Point Vehicle Inspection (MPVI) is completed by a GM dealer technician and is a maintenance assessment of your vehicle. The benefit of the MPVI is to identify and inform the customer of service items that require immediate attention and those that may require attention in the future.

Performance Descriptors

Levels	Performance Descriptors	Needs Work	Completes task with support from practitioner	Completes task independently
A1.2	scans text to locate information			
	locates multiple pieces of information in simple texts			
	reads more complex texts to locate a single piece of information			
	follows the main events of descriptive, narrative and informational texts			
	obtains information from detailed reading			
	begins to identify sources and evaluate information			
D.2	selects and follows appropriate steps to complete tasks			
	locates and recognizes functions and commands			
	makes low-level inferences to interpret icons and text			
	begins to identify sources and evaluate information			
	performs simple searches using keywords (e.g. internet, software help menu)
