

Task Title: Purchase a Board Game Online

OALCF Cover Sheet – Practitioner Copy

Learner Name: _____

Date Started: _____

Date Completed: _____

Successful Completion: Yes ☐ No ☐

Goal Path: Employment ☐ Apprenticeship ☐

Secondary School ☐ Post Secondary ☐ Independence ☐

Task Description: The learner will research and compare the cost of a board game on multiple websites.

Main Competency/Task Group/Level Indicator:

- Communicate Ideas and Information/Complete and create documents/B3.2a
- Understand and Use Numbers/Manage money/C1.2 (optional)
- Use Digital Technology/D.3

Materials Required:

- Pen/pencil and paper and/or digital device
- Computer
- Calculator or digital device with calculator function

Learner Information

Many people prefer to make purchases online instead of going to a store or a mall. Before buying something, it can be helpful to research costs at different online stores, including taxes and shipping.

Work Sheet

Task 1: Conduct an internet search for the board game "Settlers of Catan". List three (3) online stores that sell this game and ship to Canadian addresses.

Answer:

Task 2: Compare the three options by completing the chart.

Answer:

Name of Store	Cost of Game	Cost including tax (13%)	Shipping Cost	Total Cost

Task Title: PurchaseBoardGameOnline_I_B3.2a_C1.2_D.3

Task 3: Use the cheapest option from your comparison in Task 2. Calculate how much money you would have left if you had \$100 before making this purchase.

Answers

Answers will vary. As of December 2025, this game is available at many stores including Amazon, Walmart, Canadian Tire, and Best Buy, as well as specialty game stores across the country. The cost of this game ranges from \$45.00-\$65.00 depending on the store.

Note for Practitioners: C1.2 is optional depending on whether the learner needs to calculate HST or if this is completed automatically on the store website. All learners will need to complete Task 3 independently, which would align with C1.1 only.

Performance Descriptors

Levels	Performance Descriptors	Needs Work	Completes task with support from practitioner	Completes task independently
B3.2a	uses layout to determine where to make entries			
C1.2	calculates using numbers expressed as whole numbers, fractions, decimals, percentages and integers			
	calculates percentages			
	chooses and performs required operation(s) may make inferences to identify required operation(s)			
	selects appropriate steps to reach solutions			
	represents costs and rates using monetary symbols, decimals and percentages			
D.3	manages unfamiliar elements (e.g. vocabulary, context, topic) to complete tasks			
	identifies sources, evaluates and integrates information			
	performs advanced searches (e.g. refines search terms, uses advanced search features, cross-refers between websites)			

Task Title: PurchaseBoardGameOnline_I_B3.2a_C1.2_D.3

This task: Was successfully completed ☐ Needs to be tried again ☐
